

WOODWARD EMERY,
COUNSELLOR-AT-LAW.

NOS. 61 AND 62 SEARS BUILDING,
Cor. Court and Washington Sts., Boston.

BOSTON, *Feb* 28th 1885

Charles W. Henderson Esq
Chairman of Com. on Roads & Bridges

Dr Sir:

I filed a petition
in behalf of many citizens of Camb.
asking for a plank walk to be
constructed without expense to the
city for a part of Brattle St. - I
am told it has been dismissed.
If so, it was without a hearing.
The petitioners and many others
desire to be heard, and do not think
it is fair treatment to be summarily
dismissed without a hearing & continu-
ous wading in mud and slosh
forever. A walk up Brattle St
from Sparks & Fagundes on

The north side will convince
your committee of the existence
of what for a city of the size and
wealth of Cambridge is little less
than a public nuisance in
raining or melting weather.

The Bd. of Aldermen are in duty
bound to give this matter some
attention, and I ask that the
subject matter may be heard
before your committee at your
early convenience.

Yrs. truly
William Henry
