

To the Mayor and Aldermen of the City of
Cambridge.

The undersigned in behalf of the
Cambridge Hospital prays that speedy measu-
res be taken to render effectual the order here-
before adopted by your Honorable Board - that
the ancient highway leading from Mt. Auburn St. to
the public landing on Charles River be re-opened and the fen-
ces which now obstruct it removed.

The hospital grounds
bound on the way for a length of 775 feet; our build-
ing operations are already in progress, and the re-open-
ing of the way will be of much benefit to our institu-
tion in affording a convenient rear approach to our
premises.

Very respectfully

Morrill Wyman,

President of the
Board of Trustees of the Cambridge
Hospital

Cambridge March 29. 1884

Order
of Trustees of the Cambridge
Hospital.

Way leading to "Berry's
Landing".

Apr 21. 1884-
