Dear Mr. Sullivan,

The honor that you and the other members of the Cambridge City Council have bestowed upon me is a tribute greater than I deserve and one that makes me humble, proud, and extremely pleased. Nothing has more meaning to me than to be associated with a medical service that has the opportunity to make a meaningful and lasting impact upon the quality of health care that is available. The newly constructed nursery will enable the Hospital to provide Cambridge infants with the finest in newborn care and

I am honored beyond words at having my name attached to it.

Please convey my deepest feelings of honor pride and appreciation to all other members of the City Council.

With all best wishes.

Philip Porter
