Dear Council Members:

We would like to establish a loading zone in front of our store at 1124 Cambridge Street. There are no loading zones on our side of the street and crossing the street with a mattress is dangerous.

We are currently receiving 2-3 tickets at \$15.00 each per week. The local officer is quite cooperative but other officers who drive by are not, and the traffic department has offered no solutions to our problem.

In front of our store there is a bus stop and two meters. We propose that the city council change the first meter into a loading zone so we and other merchants can avoid the aggravation of regular ticketing and the danger of loading across the street.

Thank you for considering this matter.

Sincerely,

Edward Blank
President

Comm. from Edward Blank, Pres., The Mattress Co., requesting that a loading zone be established in front of their store at 1124 Cambridge St.
