

CITY OF CAMBRIDGE

CAMBRIDGE, MASSACHUSETTS 02139
Tel. 498-9011

EXECUTIVE DEPARTMENT
ROBERT W. HEALY
City Manager

January 14, 1985

To the Honorable, the City Council:

Attached are answers from all of the cable license applicants to questions posed in the Rice Associates Preliminary Report issued on December 27, 1984. These questions have been asked in order to allow applicants the opportunity to clarify specific areas of their proposals.

The Council is also reminded that there will be two upcoming public hearings sponsored by the City Manager's Cable TV Advisory Committee.

The first, on January 23, 1985, will be a clarification meeting. This provides an opportunity for myself, the Cable Office, and the City's consultants to ask specific and highly detailed questions of each applicant. The public is invited but will not be able to participate.

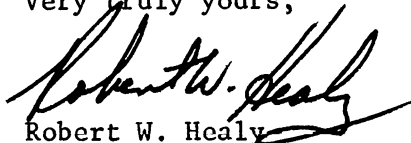

The second, on January 30, 1985, will be a public hearing held in accordance with State Cable Law and will allow the applicants an opportunity to present their proposals to the public. The public will then be invited to ask questions and make comment. Time will also be set aside to allow any members of the City Council who so wish to ask questions and make comment.

If necessary, both hearings will be continued the following evening.

Times and locations are as follows:

January 23, 1985 (clarification hearing)	January 30, 1985 (Public hearing)
6:30 P. M., Fitzgerald Theater	6:30 P. M., City Council Chamber
Cambridge Rindge and Latin High School	City Hall

Very truly yours,

Robert W. Healy
City Manager
