Report of Committee.

Cambridge May 15th 67

The Committee on Roads and Bridges, to whom was referred the petition of Hugh McElroy and others asking that the side walk on the south side of Charles st. may be fenced. beg leave to present the following report. The Committee have examined the locality complained of and find it in an unsafe condition opposite the end of Fourth street, and they would recommend that the Supt of streets be authorized to put up a suitable fence at this place so as to prevent persons crossing across Fourth street from driving on to the market.

For the Committee

J. N. Merriam

In Board of Aldermen, May 15th 1867.
Accepted and sent down for concurrence.
