Dear City Councillors:

On behalf of the members of the Porter Square Neighbors Association, I write to express our group's strong support for the planned public investment spending of \$150,000 to fund the initial study and preliminary design for renovations to Northern Massachusetts Avenue. Porter Square is greatly in need of improvements to its roadways, sidewalks, crosswalks, and traffic signals to make it more friendly and safe for pedestrians, bicyclists, and motorists. This critical public investment will no doubt make Porter Square an even more vibrant and exciting residential and commercial district.

The Porter Square Neighbors Association is a voluntary membership organization open to all residents and business owners of Cambridge and Somerville committed to improving the quality of life in Porter Square. Our group was formed to give a voice to the neighbors' concerns and objectives regarding development and improvements in Porter Square and to serve as a catalyst for constructive change in our neighborhood. In its first eight months, the Porter Square Neighbors Association has developed a good working relationship with many city departments, boards and commissions, including community development. Our members look forward to full participation in planning for the renovations of Porter Square and Massachusetts Avenue.

Sincerely,

Paul S. Myers
President
