

City of Cambridge.

Apr. 7th 1888

To the Committee on Roads & Bridges

Gentlemen;

The residents of the lower end of Brookline St. have asked me if the City will water the causeway on that street from the last house to the bridge as soon as they pay in their money for watering the lower end of said street - Parties living in the vicinity of Quincy Square have also asked if the City will water said square free as soon as the money is paid in for ^{portions of} Main & Harvard Sts. in that vicinity. If your Committee will give me instructions as to these inquiries as soon as possible you will oblige

Yours Respectfully
