Camilla Ave

- CM is request to repair to - - - -

February 12, 1999

Dear Neighbors:

Many of you are aware of the recent construction project on Cambridge Street in our neighborhood that was "completed" last October.

This construction caused many problems for most of us, but we were "expected" to deal with the project as a "minor inconvenience"

When the resurfacing of Cambridge Street was finished the construction company only repaved up to Camilla Ave. and left a now extremely annoying "bump" in the street that has caused my house to shake every time a truck or plow drives by and to disrupt any peace and quiet I would like to enjoy.

The addition of a traffic light in this same area has also caused the noise level to dramatically increase.

I have complained to the City of Cambridge about the bump and have been informed that it won't be dealt with until late Spring. This is a totally unacceptable response from the city. As residents, we should not have to deal with this problem for several more months.

I kindly ask that you sign this petition to immediately repair the bump on Cambridge Street and include, in the column provided, any specific problems or damage caused by this entire project.

I know your time is important and appreciate your consideration in this matter. Let's get this problem resolved as soon as possible.

Best Regards,

Steven J. Medeiros
