Justin A. Jacobs. City Clerk.

Cambridge March 15th 1865

To his Honor the Mayor and Board of Aldermen
of the City of Cambridge,

Gentlemen.

A License having been granted to Jacob W Seaver, (under the direction of the Supt of Sts & Drains) to encumber a portion of main St near the corner of Temple St, while building, makes it necessary for the undersigned to report to your Honorable board that the said Seaver claims the right to construct said building fourteen feet outside of the present line of buildings, which would be a serious obstruction, in what is now, and has been considered for the last forty years a portion of the highway of Main St.

I understand that the said Seaver is willing to relinquish all claims to said land, provided the City will establish the line of Main St in conformity to the buildings situated above and below his estate or establish some line to be governed by hereafter, considering the importance of the above matter, I have refused the permit to build under the license, and as immediate action is necessary, I would most respectfully request that your Honorable Board meet upon the premises and act thereon.

Respectfully Yours

George L Cade, Supt Sts & Drains
