

8 Dear City Council Members

My family and I, would like to thank you sincerely for the privilege of having a sign (Peter A. Petrella Square) on the corner of Magazine and Chestnut Streets - honoring the memory of my husband Peter A. Petrella. It is a great tribute to an outstanding and civic minded individual.

I want to especially thank Anthony Galluccio, who acted as master of ceremonies, and made the dedication possible. Also, a hearty "thank you" to Sandy Albano from City Hall, who handled the event with efficiency and style. Thanks to Councilor Michael Sullivan and his father Walter who also attended the ceremony.

Many people have commented on the new sign, and so it is a welcome addition to our corner.

Very truly yours,

Helen Petrella
