RE: Franklin Street and Guffey Parks

Mr. Commissioner :

I was just walking home from Harvard Square after a light rain. I happened to walk past the Franklin Street Park and what I saw caused me to stand there and stare. The park looked really nice. It was incredible. The park really looked nice.

Another park whose maintenance is causing me great pleasure is Guffey Park.

Guffey Park, by contrast to the Franklin Street Park, is a park of long standing pride to all who pass it and are familiar with it. Nevertheless, in the past, it has been permitted to get bedraggled. The skill you are showing in Guffey Park is that you are giving it proper, regular maintenance and keeping it from getting bedraggled.

These comments of praise are given in full remembrance of your response at the snow meeting in Cambridgeport last Winter. I praised you for your good work and you responded that you knew you had done a good job, you were looking for problems.

Good work anyway. No problems significant enough to yell about.

Thanks very much.

Sincerely,

Bob La Trémouille
