Dear Mr. Healy:

Charles River Skate Company, formerly of Charles Street in Boston, is a retail business which has been in operation since April of 1979, selling and renting roller skates, ice skates and skateboards. During the last six years, the business has built a fine reputation among its clientele, along with winning several 'Best of Boston' awards.

On June first of 1984, we relocated to 1623 Cambridge Street in Cambridge, hoping to remain here and prosper in the years to come. The first year of business brings reason for optimism, and I believe we are off to a good start here.

Our successful business formula relies on the fact that many of the people who rent rollerskates and ice skates return to buy them. This concept is especially important in regard to outdoor rollerskates, since, unlike bicycling, which most people have tried, outdoor rollerskating is a relatively new sport that has to be experienced before a person will commit to purchase.

Memorial Drive, which is closed to traffic on Sundays in the summer, is an excellent area to rollerskate on, and most outdoor skating is done here. Our store front is about ten minutes away from this area, and when people rent skates from us they have to deal with traffic in order to get to the river to skate. If we had a van on Memorial Drive from which to rent rollerskates, it would be much more convenient as well as safer for our customers to skate from there.

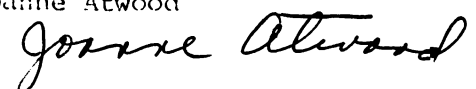

It is with these facts in mind that Charles River Skate Company would like to apply for a permit to rent rollerskates from a parked van on a street located next to Memorial Drive on Sundays from Memorial Day through Labor Day. Plimpton, DeWolfe or Flagg Streets would be suitable for this activity.

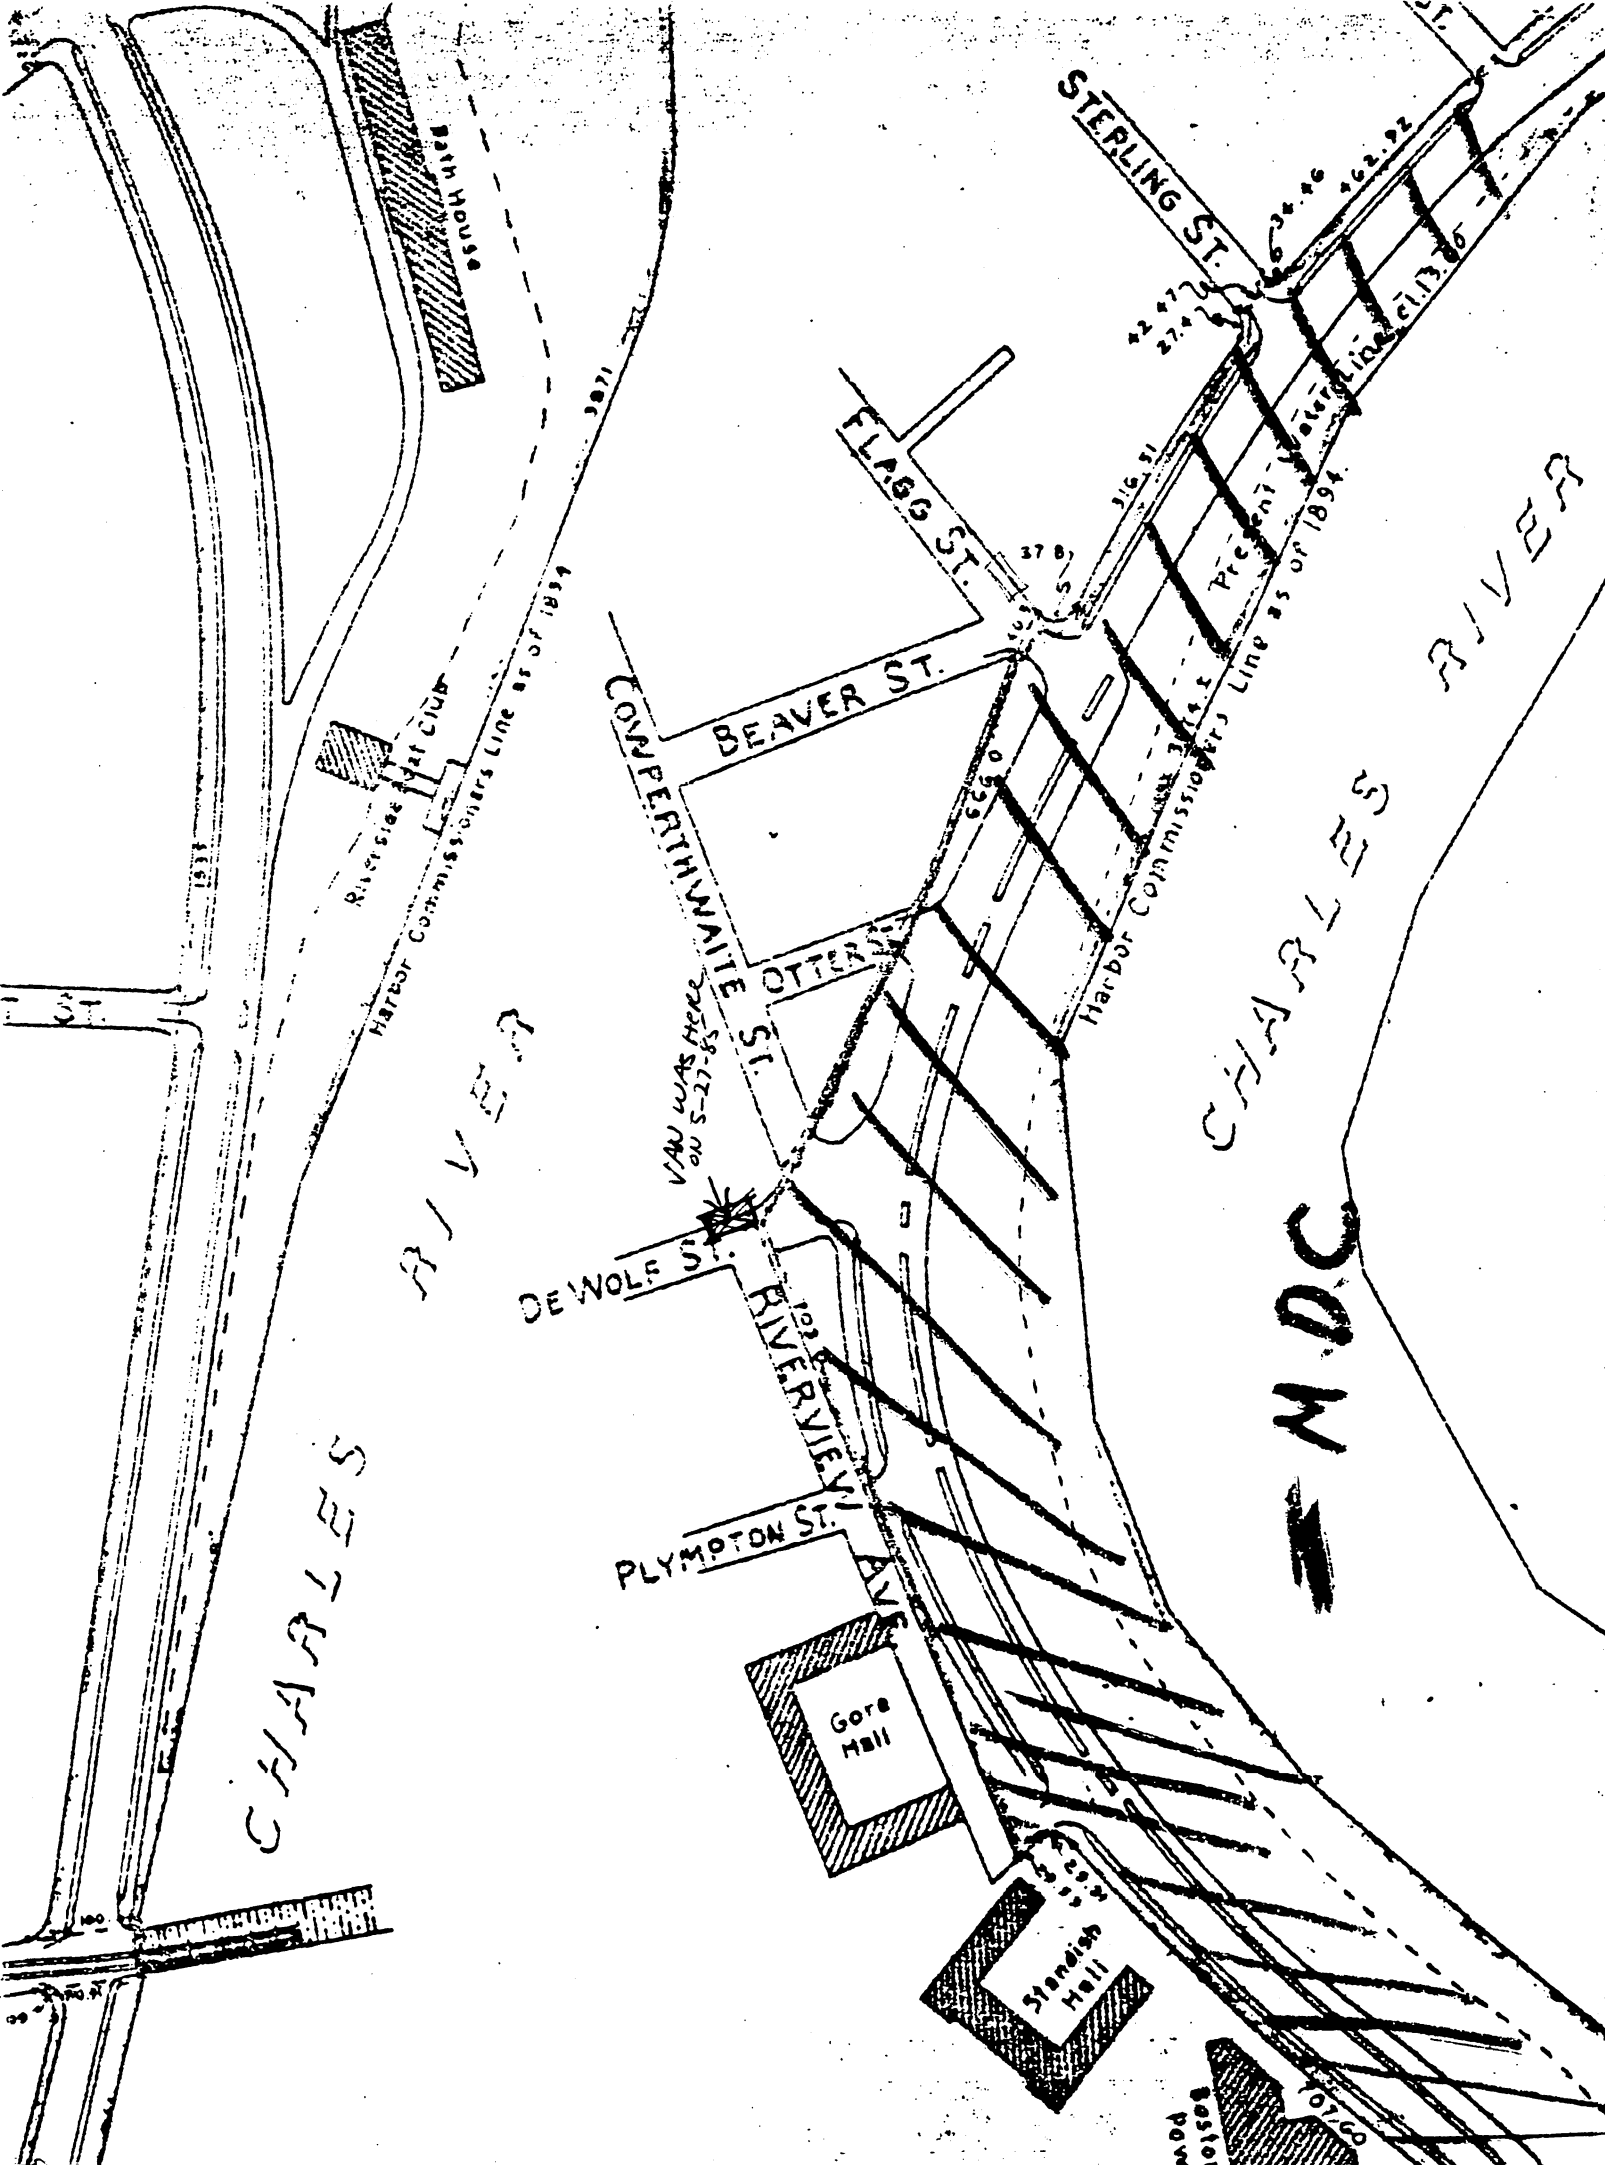

Since the first several years in our new location are so critical to our success, I feel that is imperative that we be able to do business at this highly desirable and visible spot in order to increase clientele and promote our business.

Therefore, it is with the above-mentioned factors in mind that I hope you will favorably consider my request for this permit, which would be an affirmative action for a Cambridge business and property tax payer.

Sincerely,

Joanne Atwood
