Dear Mr. Connarton,

Thank you for sending to me the resolution of the City Council in memory of Agnes Sanborn. Will you please convey to the Council, and particularly to Councilor Alice Wolf, my deep appreciation of the resolution. It is a beautifully worded statement of recognition of my mother's contributions to the Cambridge community, and I am very pleased and touched that the Council chose to make such a gesture of appreciation.

The rest of my family joins me in thanking you all. We will be happy to keep the resolution along with the other things that remind us of Agnes Sanborn, who left such strong impressions on so many people that there is a lot to remember her by.

Most gratefully,

Sarah S. Moench
