(BRIDGE # C-01- 013)

Dear Commissioner:

It has come to my attention that there was a public hearing in my district on the reconstruction of the Walden St. Bridge. I was not notified of the meeting and therefore I was unable to attend however I do have some very important concerns about the project.

This bridge is located in a residential neighborhood in the city of Cambridge and my constituents are very concerned about the design plan and the ramifications of its implementation.

I would like to set up a brief meeting to discuss this most important issue at your earliest convenience.

Thank you for your kind consideration in this matter.

Sincerely,

Steven A. Tolman
