

Cambridge, Oct 1874

To the Honorable, the Mayor and Aldermen,
of the City of Cambridge

The undersigned ~~respectfully~~ citizens of and tax payers

are now of the improvements at present being made in
Central Square by laying crossing and properly grading
the same on a line with Essex St. and in consideration
of the fact that the present crossing on a line between
Magazine and Prospect Street by no means answers the
requirements of the location, and as it is, by thousands of persons
passing either way during each week if not each day,
and in a position so exposed that the pathway for foot
passengers should be clearly defined, while the present cross-
ing is generally undistinguishable from the cobble stream and
road upon either side, and between the uneven and rough
blocks, at present used in said location, respectfully petition
and pray that this very necessary improvement be now con-
sidered by taking up the present ~~crossing~~ crossing and
grading and relaying one similar to that now being laid
diagonally across said square
