

City of Cambridge.

OFFICE OF CITY ENGINEER.

CITY HALL, May 11th. 1896

To the Honorable Board of Aldermen,

Gentlemen:-

I am in receipt of an order from the Honorable Board, dated May 5, 1896 " that the City Engineer be requested to renumber Western Ave., from Howard St. westerly. " —

Examination of this Street shows that the ^{section} ~~numbers~~ from Central Square to Howard St., a section of Western Ave. not covered by this order, is somewhat deficient in numbers. in its present occupancy. The numbers are spaced much farther apart than is now usual, and it seems quite probable that in a short time more numbers will be required. There are already on this portion of the street, three cases where half numbers are now in use.

As, of course, it will be objectionable to renumber the lower end of the street, and then in a short time be compelled to renumber the whole street, due to insufficiency of numbers at the end not renumbered, I would recommend that the whole street be renumbered at the present time, and provide, as far as possible, for the future need of numbers on the whole street.

Very truly yours,

L. M. Hastings City Engineer.

John D. Roberts
 City Engineer

My dear Sir:

and provisions for the future use of numbers on the
 I would recommend that the whole street be renumbered at the present time,
 whole street, and to the necessity of numbering at the end not renumbered.
 of the street, and then in a short time be compelled to renumber the

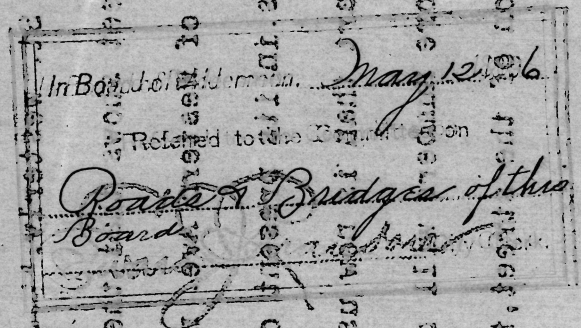

As of course, it will be objectionable to renumber the lower end
 numbers are now in use.

These are strictly on the bottom of the street, these cases above will
 be removed in a short time and the numbers will be reduced.

These are removed when required, the numbers will be reduced, and it seems quite
 necessary that the numbers be reduced.

Howard St. is a section of the lower end of the street, and it seems quite
 necessary that the numbers be reduced.

City Engineer in reference
 to the numbering of
 Western Ave.

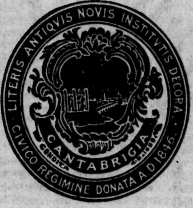

Howard St. is a section of the lower end of the street, and it seems quite
 necessary that the numbers be reduced.

Very respectfully,

To the Honorable Board of Aldermen:

May 11th

City of Cambridge

IN BOARD OF ALDERMEN,

May 19th,

1896.

ORDERED:

That the City Engineer be requested to renumber
Western avenue, its entire length.

ADOPTED.

Attest:

Edward J. Ransom
City Clerk.
