To The Honorable, The City Council:

In response to Awaiting Report Item No. 32, relative to restricting heavy trucks from operating on Alberta Terrace, Traffic, Parking & Transportation Director Susan Clippinger reports the following:

Cedar Street has been under construction for several weeks while new sewer lines are installed. This has forced traffic to use various side streets to access and exit this area depending on what section of Cedar Street was being worked on. The Department of Public Works anticipates that construction will be finished by December 15th. Until then, the Traffic Department will work with the Public Works Department to detour trucks away from narrow local street onto major roadways.

Very truly yours,
