My dear Sir,

Your favor of the

19th inst. duly received.

Pursuant to your suggestion, I
called on Mr. Doyle on the 22^d
inst., and ascertained the state of
the case as he understands it.

~~He informs me that the Com. on~~
R. & B. are waiting to hear from
the City Engineer, from whom they
have requested, but not yet rec^d,
the information which will enable
them to act in the premises.

I regret to tax so severely the
intellectual powers of the City officials,
but being obliged to bear a pretty
severe strain of taxation emanating
from that quarter, I trust that the
preference will be pardoned.

With great respect

Yr. obt. servt

My dear Sir,

On the 21st of March, 1882, upon the occasion of a hearing before the Joint Standing Comtee on Roads & Bridges respecting line of estate of the late Samuel Batchelder on W. Auburn St. cor. Ash St., you were kind enough to promise that the Comtee would take an early opportunity of viewing the premises, as preliminary to the establishment of true line, etc.

Not having since heard from you on the subject, I do respectfully recall the case to your attention, requesting the favor of an early reply, as we are desirous of replacing the present very dilapidated fence without loss of further time than is absolutely necessary.
