To The Honorable, The City Council:

In response to Awaiting Report Item No. 24, regarding the status of Cooper Play Park, Recreation Director Paul Ryder reports the following:

In regard to FY95 Public Investment Projects for Open Space, the Open Space Committee reviewed the conditions of the Cooper Playground and included it in their request for funding along with the Library Park Tot Lot. However, during the capital budget review process, it was determined that existing conditions at the Library Park Tot Lot were deteriorating and that the focus of the FY95 Public Investment Projects should be renovation of the Library Park Tot Lot.

During the FY96 Public Investment Budget Process, the Open Space Committee will review the conditions of the Cooper Playground and will make recommendations regarding the scope of work required, related costs and the order or priority based on other renovation needs established by the City's inventory of open space.

Very truly yours,

Robert W. Healy
City Manager
