Water Shut Down Notification

To the Residents and Businesses of: Sidney, Blanche and Green Streets,
including Austin Grill and Comp U.S.A.

**There will be a water service interruption in effect in your buildings
beginning on Monday, January 29, 2001 at 12:01 A.M. until 6:00 AM.**

The City of Cambridge Department of Public Works is relocating a 20-inch water main in this area. This work is part of the Storm Drain Project currently being constructed on South Massachusetts Avenue.

We apologize for this inconvenience, and will work as quickly as possible to get the water turned back on in your buildings.

If you have any questions about this work, please contact Norm Dugas, Resident Engineer for S E A Consultants Inc., the City's engineering consultant at 617/354-2191 or the Department of Public Works at 617/349-4800.

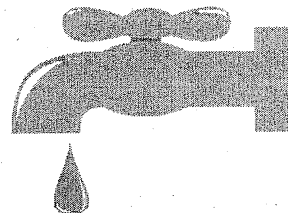

WHAT TO EXPECT FOLLOWING A WATER SERVICE SHUT DOWN

When there is a water shut down, the sediment that naturally occurs in the water piping system is disturbed. This disturbance can cause the water from the faucets and toilets to appear rust colored. You will notice this discoloration when the water service resumes. You may wish to store tap water in your refrigerators on the day of the work or drink bottled water. Running your tap should clear the water of rust discoloration.

It is also suggested that you check your water before doing laundry because the discolored water may stain your clothes. If your clothes are stained, the Cambridge Water Department will provide you with a wash additive to remove the stains. The Water Department telephone number is 617/349-4770.

Sincerely,

Owen O'Riordan, P.E.
City Engineer
