Franklin & Soden Sts.

produced 123.5 ft. S_W by Franklin St. as
indicated & estimated in 1888 at 47.88 ft
N_W by the W₄ line of Winchester St. produced about
97.48 ft. containing 4419.6 sq. ft. measured
Each of the above described pieces of land being
shown on a plan in the office of the City Eng^r, and
dated Jan 24-1889.

A parcel of land belonging to Cyrus Johnson
and bounded as follows, viz: Beginning at a
point in the S_W by line of Franklin St. at its inter-
section with the E₄ line of Section St. thence S₂₄
along said line of Franklin St. 60.66 ft to the tangent
point of a curve of 25 ft. radius thence S₂₄ & W₂₄
along said curve 56.49 ft. to the other tangent point
of said curve at a point in the E₄ line of Section
St. thence N₁₄ along said line of Section St.
60.66 ft. to the point of beginning containing
200 sq. ft. more or less. and found being
shown on a plan in the office of the City Eng^r
and dated July 15-1889.
