Jackson, N. H., *June 22* 1887

My dear General.

Yours receive this mail. Should be very glad to do any thing I could in the way of horse but probably there is not a horse of 1400 or 1500 lbs within 25 or 30 miles of here unless they should be very old ones & cheap. You see that is larger than they use here unless some hunter men who work in the woods the year round buy such but old & cheap ones. You can write to Richard Chas Baldwin Esq. and he can find you what you want & he perhaps would let you have them on trial. At least he would warrant them work

I just received a letter from Mrs Hinckley
saying it was doubtful about your getting
up this year to Stafi. we shall be very sorry
& shall miss you in many ways. I truly hope
you will be able to make me a little visit
even a short one. I made a trip over Mt.
Washington last week & took in the big range. Probably
the first time it was ever done in winter. I sent an
account of it to Boston Herald but have not seen it yet
wife & little ones are well. With best wishes to you
& Mrs H. I remain Very Very truly & sincerely yours

Shall miss the visit

Wm. C. C. C.
