PRESS RELEASE

DEPARTMENT OF
TRAFFIC & PARKING

George Teso
Director

After viewing the streets of the City of Cambridge the Department of Public Works and the Traffic Department decided that they should continue the Street Cleaning program through the last two weeks of November and first three weeks of December.

The reason for this decision was the number of streets that had there gutters loaded with leaves and not only do these leaves pose a threat to moving vehicles but they also clog up our drainage system.

I am again asking the residents and business community of the City for there cooperation and I also would like to thank them for there cooperation throughout the summer and throughout this coming winter in our snow removal operations.

Please keep a copy of the street cleaning schedule and watch for our street cleaning signs as this schedule will be in effect weather permitting.

George Teso - Traffic Director
