To The Honorable, The City Council:

In response to Awaiting Report Item No. 33, regarding a report on the sewer back-up at the Bowl & Board at the corner of Massachusetts Avenue and Ellery Street, Public Works Commissioner Ralph E. Dunphy reports the following:

Catch basins and collection lines at this location have all been cleaned and are operating properly. Consideration is being given to the installation of an additional catch basin in the area to improve drainage during heavy rains. If it is determined that the additional catch basin will relieve the problem the installation will be scheduled during the construction season.

Very truly yours,
