Dear Mayor Russell and City Councillors:

RE: University Park Curb Cut Petitions

The purpose of this letter is to respectfully but strongly request that you vote in support of the above referenced, which are awaiting your approval. This request is made as a nearby neighboring resident, commercial property and business owner on Sidney Street

University Park, MIT, and Forest City have and continue to remain an exemplary neighbors. They are not only working actively to improve the development itself, but also the quality of the surrounding area, while at the same time fulfilling publicly avowed neighbor needs, including a supermarket.

As you are aware, this has all been done within the context of strict ordained urban design guidelines, Planning Board review, and other Cambridge City Departmental approvals as required, with many opportunities for public review and input. Therefore, at this juncture, approval of the curb cuts should be a proforma matter, which will advance an important project that continues to improve the Central Square and Cambridgeport neighborhoods.

Please contact me at 617-497-1122, or fax 617-497-1188 if you have any questions.

Sincerely,

COASTAL LEASING, INC.
