

May 31, '75.

Cambridge City Council
Mayor Walter Sullivan

Dear Sir,

In regard to the proposed underground garage on Nutting Road by the city;

We, the residents of 16 Gerry Street, wish to register our opposition to the above proposal:

I-We do not wish to live beside a huge garage--underground or otherwise:

II-We feel that the land will not take all the digging and construction as the water level is most likely to be affected:

III-We are worried about the safety of our home:

IV-We feel that the above proposal would generate much more traffic in this area and we can do without that.

Respectfully,

James A. Cleary
Elmer M. Cleary
Kentley Cleary
Joanne M. Cleary
