Reference

Subject Council Order, Fawcett Street Sewer

It is requested that an order be introduced in the City Council, covering laying of sewer pipe of approximately five hundred feet (500) in length, along the northerly end of Fawcett Street.

The Council Order of April 14, 1947, provided authorization of the first seven hundred and fifty feet (750), on Fawcett Street.

This part of the project has already been completed, and we are now working on the final five hundred (500) feet, for which the Council Order is requested. In this way, we may properly assess the abutting property owners for the sewer.

Very truly yours,

Wm. R. McMenimen
