To The Honorable, The City Council:

Within the past month, several reports have been put forth by Members of the City Council recommending improvements to the City's Housing and Rent Control Programs. The reports include numerous suggestions and recommendations for ways to provide additional resources for housing and strengthen the coordination of the City's housing efforts.

To ensure that these proposals are responded to in a thoughtful and timely manner, I have assembled an interdepartmental working group to assist me in this effort. This group includes the Deputy and Assistant City Managers in addition to City Department Heads involved in housing activities. In addition to the regular members of this group, I will be drawing upon additional input from various members of City staff and the Community.

Very truly yours,
