CC: Commissioner

Department of Public Works

City of Cambridge

To Whom it may concern,

The Washington Street Neighborhood Association expresses our concern that our street has been torn up for nearly three months due to gas line repairs. In addition to the usual inconveniences this presents us with, there is a neighbor on our block with respiratory problems for whom this is a life threatening situation. The city supports our neighborhood efforts to build community through an annual block party which will be held in June. However the activities will be so limited by dust and pot holes that we would need to consider cancellation. We will contact you and our city councillors to assure that the work is scheduled in a timely manner.
