CITY Council

CAMBRIDGE, MASS.

Dear Sirs

You have done a wonderful
job participating in the revitalization
of Harvard Square. A job well done!!

I would like to make one
suggestion. namely that you make some
provision for public Toilets as there are
none in the area. I do recognize that
it is difficult to clean and police public
Toilets but because so many people
will come to enjoy the area some
provision must be made

Sincerely,

Jon F. Kropper
