

Councillor Cyr

- Whereas: ⁴⁴ The citizens of Cambridge have demonstrated their clear desire to support a household hazardous materials disposal day through their participation in the recent collection day on Green Street. And
- Whereas: Many residents had to wait in lines that lasted well over one and one-half hours. And
- Whereas: A regular, quarterly schedule of such collections would improve the efficiency of the collection process, increase the likelihood of participation, and thus decrease the potential threat to city refuse collection personnel and the environment caused by inappropriate disposal. Therefore be it
- Ordered That the City Council calls on the City Manager to prepare a plan for quarterly household hazardous waste disposal days, and
- Further That the manager report back to the Council before the summer recess with a plan.
