I would like to submit these "Petitions to Reduce Lab Animal Suffering" to the Cambridge City Council for entering into the City records. Gathered by some of our many supporters, they urge the City Council to enact a city ordinance which provides:

- freedom of information;
- inspection of facilities by responsible representatives;
- an animal welfare advocate on each animal care committee;
- monitoring of painful experiments;
- ending unnecessary animal experimentation.

Thank you for your assistance.

Sincerely,

Ole Anderson
