To The Honorable, The City Council:

In response to Awaiting Report Item No. 47, regarding the status of street and sidewalk repair of Beech Street the Commissioner of Public Works David Haley report the following:

An estimate of \$95,000 has been calculated for street and sidewalk improvements on Beech Street. This estimate includes cold planning and overlaying the pavement, resetting the granite curbs and installing a new brick sidewalk. There are presently many tree roots in the sidewalk causing the bricks to heave.

There are currently no plans for street and sidewalk improvements on Beech Street.

Very truly yours,
