

Cambridge
March 13. 1873

To the Mayor & Aldermen of the City of Cambridge.

We the undersigned residents of East Cambridge would most respectfully petition your honorable body that some action or conference may be had whereby Leverett St. in the City of Boston may be widened and straightened to Bowdoin Square so that we may have a wide thoroughfare leading out of our section of the City of Cambridge and thus afford ourselves, Manufactories and business which we represent proper facilities for Egress and ingress - Saving much waste of time by the reason of constant blockading of the said Street by Teams, Horse Cars, &c as now to be witnessed hourly -
