Council Order No. 7 - re: Replacing Bus Shelter at Massachusetts
Avenue and Columbus Avenue

The old wooden bus shelter which, was installed by the City, was removed when construction began on the upgrading of the Massachusetts Avenue-Alewife Brook Parkway intersection. A new bus shelter will be installed as part of this project, however, since the improvements are under the control of the MDC, we have very little control on the timing.

Council Order No. 8 - re: Constructing Bus Shelter at Comeau Field

This bus shelter was installed last month.
