OFFICE OF CITY CLERK

The park committee, appointed by you and comprising of neighborhood residents and various members of City Departments which you designated, voted at our meeting last week to commend to you the work of Paul Feloney in behalf of this city park.

Paul Feloney is a member of our committee and is a faithful attendant of our meetings, helping us to make our decisions and lending his support to neighborhood concerns for the preservation of this park. But further, because he is the member of the Department of Public Works who oversees the preservation of the park, he has used his imagination and his meager budget to do the very best he can.

For city dwellers, the few bits of open space we have are priority neighborhood concerns. We thank Paul Feloney for his interest, his energy and the extra time he has devoted to this cause. We hope the City will support our efforts with continued cooperation and more funds.
