

April 27-1980

To the members of the Cambridge Council -

RECEIVED BY
OFFICE OF CITY CLERK

APR 30 9 43 AM 1984

CAMBRIDGE, MASS.

I wish to bring to your attention
my strong objection to the proposed
bridge on Broadway -

The Secker Building is really a
monstrosity, in addition to, due to
its height, cut the view and light
to the property directly behind it -
Now, to further ruin the environment
by erecting this bridge, I find
most objectionable - I do
hope you will consider seriously
granting the permission for
further construction in what
had been, in my opinion, most
attractive, and, in keeping with
the area.

Thank you.

Arthur F. Harty -

Comm. from Catherine F. Haverty, in opposition to the proposed bridge connecting the Fogg Museum to the new Sackler Museum.
