To: Town/City Clerk

We are pleased to be able to send you a copy of the Massachusetts State Lottery 1984 Annual Report.

The Report is of particular interest to city and town officials since the 351 cities and towns of the Commonwealth are the direct beneficiaries of the revenue generated from the sale of lottery tickets.

Incorporated within the Report as well is detailed information of the revenue generated through the conduct of Beano games by over 900 organizations throughout the Commonwealth. The major portion of the revenue derived from sponsorship of the games allows the organizations to carry on their various charitable activities throughout the year, thus benefitting many communities all over the state.
