Re : Perini Corporation - Job 696
Harvard Square Station
MBTA Contract No. 091-202

Subject : Sunday - Final Paving of Streets in Harvard & Brattle Squares

Gentlemen;

Due to inclement weather, our bituminous paving operations scheduled for this past Sunday - October 2, 1983 had to be postponed.

The final paving of Harvard and Brattle Squares will be done on Sunday - October 16, 1983, again weather permitting.

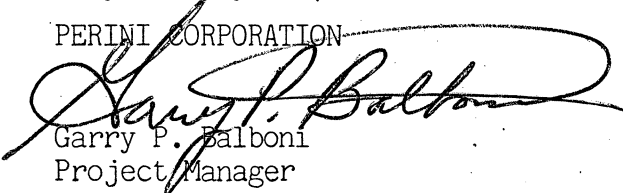

In order that this work can be accomplished with a minimum of joints, the streets in these areas will be closed to all vehicular traffic, except one north bound traffic lane on Massachusetts Avenue.

We ask all the users of Harvard and Brattle Squares to assist us by taking alternate routes around Harvard Square so that these detours will not adversely impact the traffic in the area for this one day.

Thank you for your continued cooperation.

Very truly yours,

PERINI CORPORATION
