To the Honorable, the City Council:

In response to Awaiting Report No. 16, a committee is nearing completion of the development of a policy on the issuance of permits to street performers. The committee, comprised of representatives from the License Commission, the Arts Council, and my office, is currently reviewing a draft of an ordinance that will regulate the performances of street entertainers. Upon revision of this draft, the committee will meet with a representative of the performers and will recommend the scheduling of a public hearing with notification to the Police and Traffic departments, local business associations, neighborhood councils, and other interested parties.

Very truly yours,
