An ordinance relating to the hours  
of employment of city laborers.

The hours of labor for laborers and  
mechanics in the several departments  
of the city between November first  
and March fifteenth, inclusive, shall  
be nine hours each day for six days  
in the week, and for the remainder  
of the year shall be ten hours each  
day for the first five days in the  
week and nine hours for Saturdays  
except that during the months of  
June, July, and August, a half holi-  
day each week without loss of pay  
shall be given by the board, committee,  
or head of department authorized to  
employ such labor, provided that  
it shall be so arranged that all
