**CITY COUNCIL NOTIFICATION
JANUARY 29, 2001**

This is to advise you that on this date, at 1221 Cambridge Street, while the apartment of a deceased resident was being cleaned out by family members, chemicals and other devices that could be used to manufacture explosive devices were discovered. Cambridge Police and Fire personnel, along with the Boston Bomb Squad responded to the scene. The chemicals, which need to be removed by a certified hazardous materials company, will be removed tomorrow, January 30th. In the interim, a 24-hour firewatch will be detailed by the Fire Department.

At this time, Police Department personnel are still in the process of determining the content of the devices and continue to investigate this discovery.
