

CAMBRIDGEPORT NEIGHBORHOOD PETITION

TO: Traffic Director, City of Cambridge

City Councillor Walter Sullivan

Mayor Barbara Ackerman
Director, Registry of Motor Vehicles

FROM: Residents of South Pearl Street and Glenwood Avenue

REGARDING: Hazardous Traffic Situation

We, the undersigned parents and residents of the South Pearl Street and Glenwood Avenue neighborhood of Cambridge, petition the City of Cambridge to erect slow-down bumps and other slow down traffic devices on Pearl Street between Putnam Avenue and Granite Street-- in order to slow down the traffic in our neighborhood, which has a large percentage of young children;

Whereas Granite Street, the street at which Pearl ends, is now one-way going toward the E.U. Bridge,
and Henry Street is one way going toward Pearl Street,
the truck and car traffic from the Polaroid and B.U. Bridge is getting funneled into Glenwood Avenue;

also since Glenwood is the last street off Pearl going toward Harvard Square another stream of traffic is funneled into Glenwood.

Whereas, we now have not only heavy traffic on the Pearl-Glenwood corner, but more important: this traffic is dangerously fast:

Therefore, we urgently petition you to protect our children from this unsafe situation by:

- 1) erecting the necessary slow-down devices, and
- 2) investigating the traffic-flow situation in our neighborhood, which has worsened this past year, in order to figure out and improve traffic flow.

Mr. & Mrs. Vincent J. Albano 11 1/2 Glenwood Ave. Cambridge
