Cambridge, May 18 1895

To the Honorable, the City Council,

of the City of Cambridge.

The undersigned respectfully prays

that the City watering carts be allowed to water the drive ways leading to the doors of the Museum of Comparative Zoology, the one from Divinity Avenue to the South portal door

The other from Oxford St to the main Entrance

Of course the Museum will pay such charges as your honorable body thinks fit.

There is a good deal of dirt on these ways and to remove dirty water the collections are now in less injured from the sifting in of the dust.
