Building Fountain -

City of Cambridge.

In Board of Aldermen, May 12th 1869.

The Committee on Roads and Bridges, on the part of this Board, to whom was referred the petition of D. U. Chamberlin, that permission may be granted him to erect a drinking fountain on the sidewalk in front of his place of business, would report that they have given the permission asked for. Your committee here desire to express the hope that this great public convenience may be but the first of many of a similar character, and they believe that some assistance should be given by the City to parties erecting these fountains, such as granting them the free use of the water.
