To the Honorable, the City Council:

In response to Council Order No. 8 of September 13, relative to the Mount Auburn Branch Library, please be advised that the Public Works Department, over the past two years, has begun to repair and upgrade many of the City's buildings. We intend to make application to the Federal Government for funds to repair numerous buildings in the City. However, it is impossible to do all of this work immediately. We have made some emergency repairs and will make any others (including those at the Mount Auburn Branch Library) that are necessary to render the buildings safe and usable. Any long-range plans will have to be deferred until funds are available.

Very truly yours,

James L. Sullivan
City Manager
