August 10, 1970

Mr. Paul E. Healy, Temporary City Clerk  
City Hall  
Cambridge, Massachusetts

Dear Sir:

Commissioner John W. Sears has referred to me the Order of the Cambridge City Council dated August 3, 1970 requesting the Commissioner to take speedy action in resurfacing Granite Street.

I have just spoken with Acting Chief Engineer of our Construction Division Mr. Cosgrove, who advises that the M.D.C. did pave 860 feet on Granite Street on July 27, 1970.

This work was done under joint supervision of Mr. Dunphy, Commissioner of Public Works of your City, and it was agreed that all of the road that needed it was paved.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Richard I. Furbush".
