Beguiled Mayors of New York City, Chicago, Kansas City, San Francisco, Newport Beach, California..

God said, "Cleanse evil and debauchery from your government and lands; before your firmament collapse to see damnation bring decimation"....

The Seagram Distillery Family of satanic life have murdered reporter Don Bolles, because he was helping my staff expose the crimes of their mafia operations..

The Seagram Family own and/or control well over 75% of america's news media and entertainment world, yes with this despotic power they beguile any citizen and government....

Soliloquying with God Father of Life, I saw two dockets of human life, one emulation was the horrendous cannonade of earthquakes, blizzards, tidal waves, droughts, tornadoes, cyclonic storms, floods, hurricanes, volcanoes of eruptions, meteors of explosions and other extirpating trays of justice to smite Mother Earth..

The other docket was our Lord's beatific of peace, serenity and tranquillity to open the right road to paradise for all believers to dwell in happiness...

God said, "Woe to the world, because of scandals! for it must be that scandals come, but woe to the man through whom scandal does come"....

Some of the vortex and earthquakes and other emulations of the Lord were,

1290 Chihti, China	100,000	1970 East Pakistan	300,000
1556 shensi, China	830,000	197. China	700,000
1737 Calcutta, India	300,000	19 New York	7,000,000
1887 Hwang Ho, China	900,000	19 Israel	3,000,000
1911 Yangtze, China	100,000	19 California	753,000
1923 Tokyo, Japan	143,000		
1939 North China	200,000		

If you do not send the cerberus dastards Chairman Edgar Bronfman of Seagram, Chmn. Milton Mays of Fidelity Casualty Inc., and Chmn. Robert Heimann of American Brands Inc. co., yes all of New York City.... We wish a meeting to conclave for understanding and justice....

God said, "It is not the healthy who need a physician, but they who are sick, I have not come to call the just, but sinners, to repentance"....

With our Lord, we wish all priests, rabbis, pastors, ministers and other theologians of humanity concatenate once each month to give accolades to God Father of Life at their state capitals, think!

May our veneration to our Lord, expose the ribald fagins of organized crime and bring peace with panacea to all denizen of Mother Earth....

God said, "To you it is given to know the mystery of the kingdom of God, but to the rest in parables, that seeing they may not see, and hearing they may not understand"....

Our exvoto is being finalized, may our corban bring my happiness for all to enjoy serenity with elations.... Amen

Your Highness King Oustaf VI Adolf,

I'd like to commend you and your country for your endless ways and expressions in trying to bring all nations to work in unison. While these triveal skirmishes prevail, proper exploration of our universe is still many, many years away.

Until that day when all nations work together in harmony, with their best knowledgable men of science, nothing can be accomplished properly.

Treasures abound for all when harmony is prevailant and not when nations seek to satisfy themselves at the price of others.

There are many things that can be accomplished in this world, that are more important than personal satisfaction, such as physical fitness of all our people, a cure for cancer, arthritis, rheumatism, mental disorders, blindness etc.

With our computers and machinery capable of doing things to the minutest detail we will be able to cure many of the world's ills.

I have dreamed of a machine erected by great people, that can accomplish such feats as neutralizing foreign substances in human bodies.

I write in hopes others countries will follow in your peaceful footsteps.

May I take the liberty to dedicate my Love Cake to you, as your nation is an example of it's ingredients.

With sincere appreciation for a nation like yours,

Al Lizanetz

Honorable President Reagan;

Fuel today is one of America's major problems, other cerberus members are inflation and unemployment....

God Father of Life emulations are to minimize many of difficulties, we need to have our utility companies to convert their fuel needs to coal, this will not only lessen fuel problems, but it will reverse inflation and help stimulate unemployment, details by request....

Our Lord's beatifics are to think, soliloquy and ratiocinate, with common sense, our astute educators and scientist can benefit humanity by giving us fuel from God's Sun, future energy can be kept in storage batteries for needs, a voltaic battery whose energy is renewed by passing a current through it's cells, with scientific knowledge we can supply electric power in adequate generating battery cylinders....

God said, "If thou canst believe, all things are possible to him that believes"....

America has the world's largest coal supply on Mother Earth, yet our benighted leaders are blind to common sense....

Charlatanic directors of corporations and their clandestine lobbyist are with blood money to buy weak and debauch politicians, to beguiled our honest and true Americans....

God said, "Woe to the world, because of scandals! for it must needs be that scandals come, but woe to the man through whom scandal does come"....

America the riches nation on Mother Earth, yet many go to bed emaciated, and children illiterate. It is said, our prison population will double it's prisoners within five years, this is what our statistics reveal by the knowledge of our news media.... With God and figments we offered remedies, only to learn officials care not....

For a decade and more, I tried to relate to our government God's panacea for cancerous diseases to be gainsayed their time.... A laser beam and chemicals from the crab in radiation form injected into the human body shall cancerous cells meet an ephemeral life....

Afflictions like arthritis, rheumatism, bursitis too shall end it's painful ways, the oily chemicals of Australia's most venomous snake that lives in the oceans will panacea it's diseases....

Chemicals of the cockroach will cure gout, and chemicals of animals, birds, insects, plants shall be cures for many ailments and diseases....

God said, "Let us go into the neighboring villages and towns, that there also I may preach, for this is why I have come"....

With our emulations of veneration and accolades to God Father of Life, and your person, we pray you and your staff be the sirius's to benefit all life on Mother Earth....

Do you recall many years ago our Lord said, "Many good works have I shown you from my Father, for which of these works do you stone me"? Amen
