To the Honorable, The City Council:

In a continuation of the update on the Neville Manor Home Rule Petition, please be advised that I met last Friday with a Professor Harrington, President of the Water Board and today I met with a representative group of the Fresh Pond Master Plan Advisory Committee.

It appears that consensus could be reached if the program proposed could be restricted to the "footprint" square footage of existing Neville Manor buildings. I will now work with the program managers to determine if this is an achievable compromise. The details of this work could take the remainder of the week and would be discussed at a special City Council meeting for that purpose only on June 29, 1998. I will continue to advise you of any significant new development.

Very truly yours,

Robert W. Healy
